

WOODTECH

Premium Quality Wood Finishes

The WOODTECH product family offers a well-rounded line of products that are ideal for use by do-it-yourselfers as well as for professional application on residential and commercial projects.

15 YEAR LIMITED WARRANTY
09-400 WOODTECH Solid Color 100% Acrylic Latex Stain

Columbia Paint warrants that for fifteen years from the date of purchase, WOODTECH Solid Color 100% Acrylic Latex Stain will provide a protective and decorative finish when applied and cared for in accordance with label directions, under normal wear and exposure conditions.

Performance covered by this warranty, where two coats are applied on properly prepared surfaces (plus one primer undercoat where recommended — see product label for details), includes durability (will not erode or expose the substrate), washability (normal dirt and deposits can be removed), and resistance to flaking, peeling, scaling, checking, widespread cracking and excessive chalking. This warranty excludes stain applied to exterior plywood surfaces.

If WOODTECH Solid Color 100% Acrylic Latex Stain fails to perform as warranted, Columbia Paint will, with proof of purchase, replace the stain or refund the purchase price. This warranty provides only for the replacement or refund of the purchase price and does not include costs of labor for removal or re-staining or other incidental or consequential damages. Some states do not allow exclusion or limitations of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights, and you may have other rights that vary from state to state.

5 YEAR LIMITED WARRANTY
09-700 WOODTECH Semi-Transparent Waterborne U.V. Stain
08-700 WOODTECH Semi-Transparent Oil/Alkyd U.V. Stain

Columbia Paint warrants that for five years from the date of purchase, WOODTECH Semi-Transparent Waterborne or Oil/Alkyd U.V. Stain is guaranteed against peeling when applied and cared for in accordance with label directions.

If WOODTECH Semi-Transparent U.V. Stain fails to perform as warranted, Columbia Paint will, with proof of purchase, replace the stain or refund the purchase price. This warranty provides only for the replacement or refund of the purchase price and does not include costs of labor for removal or re-staining or other incidental or consequential damages. Some states do not allow exclusion or limitations of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights, and you may have other rights that vary from state to state.

Protect and beautify your wood with the following premium quality WOODTECH products.

Columbia WOODTECH Premium Quality Wood Finishes are formulated to perform on a variety of wood surfaces. They penetrate the wood and provide a durable, decorative, highly protective finish.

15-Year Warranty*

100% Acrylic Latex Solid Color Stain (09-400)

09-400 WOODTECH Solid Color 100% Acrylic Latex Stain may be applied at temperatures of 35... F or above.

- Dries to a flat finish that provides high hide and coverage without masking the natural surface profile of the substrate.
- Provides superior adhesion over previous coatings and is self-priming over bare wood.
- Offers excellent water resistance and color retention, and provides durable exterior protection.
- Ideal for use over a variety of properly prepared wood surfaces.

* See warranty details on back

5-Year Warranty*

Semi-Transparent Oil/Alkyd and Waterborne U.V. Stain (08-700 & 09-700)

- Penetrates the wood surface to protect against entrance of moisture and contaminants.
- Resists moisture-related damage such as swelling, warping, and grain cracking.
- Resists the damaging effects of sunlight.
- Ideal for use on new wood siding, decks, railings, sills, fences, and other bare exterior wood surfaces.
- *Note:* Clear and light colored stains will not retard the natural weathering characteristics of wood.

* See warranty details on back.

Semi-Solid Oil/Alkyd Stain (08-600)

- Protects against entrance of moisture and contaminants into the wood pores.
- Resists moisture-related damage such as swelling, warping, and grain cracking.
- Resists the damaging effects of sunlight.
- Provides hide yet allows natural texture to show.
- Perfect for wood siding, knotty woods, unevenly colored or previously stained woods, and much more.
- *Note:* Not recommended for decks, railings or horizontal surfaces.

Solid-Color Oil/Alkyd Stain (08-400)

- Dries to a flat finish that provides high hide and coverage without masking the natural surface profile of the substrate.
- Provides superior adhesion over previous coatings and is self-priming over bare wood.
- Offers excellent water resistance and color retention, and provides durable exterior protection.
- Ideal for use over a variety of properly prepared wood surfaces.

Wood Preparation Products

For best results, Columbia recommends using WOODTECH Wood Cleaner and Brightener to restore grayed and weathered exterior wood surfaces and remove unsightly discolorations prior to staining.

If removal of semi-transparent stain or oxidized clear coats or sealers is needed, use WOODTECH Exterior Finish Remover, followed by Wood Cleaner and Brightener.

Wood Cleaner and Brightener (11-100)

- Restores grayed and weathered exterior wood surfaces.
- Removes unsightly discoloration of wood.
- Suggested for use on stained or unfinished decks, siding, fences, and more.

Exterior Finish Remover (11-105)

- Easy to use on outdoor wood siding, fences and decks.
- Removes semi-transparent stain and oxidized clear coats or sealers.
- Removes dirt and weathered wood.
- Kills and removes mildew and algae.
